# WELCOME

*make your memories last*

Photography is more than a service, it's an investment.

At Damien Carroll Photography we are all about capturing the details of your special day exactly as they are and preserving your valuable memories for years to come. While you enjoy every precious moment as it's happening, we are working quietly in the background, taking candid photos of your ceremony, reception, and friends and loved ones as they celebrate with you.

All of our images are of the highest quality and minimally processed to preserve the natural beauty and authenticity of your wedding day memories. Each finished photo will be a beautiful record of those special moments that you can cherish for a lifetime.

# HOW WE WORK

We make sure to take many candid images of your wedding and guests' joyful celebration throughout the day. We also take some time; usually between your ceremony and reception, to guide you and your wedding party or special guests into classic and contemporary poses so you can have styled, gorgeous group shots as well.

Our primary focus is on providing every client with unobtrusive, professional photography services that allow the wedding festivities to carry on, uninterrupted by our work. With our low-key and quiet style we are able to capture the precious details and once-in-a-lifetime moments without disturbing the natural flow of your day.

Most of our clients comment that they hardly knew we were there.
